# Art & the Public Sphere

ISSN 2042-793X | Online ISSN 2042-7948 | 3 issues per volume | Volume 2, 2012

#### Aims and Scope

*Art & the Public Sphere* provides a new platform for academics, artists, curators, art historians and theorists whose working practices are broadly concerned with contemporary art's relation to the public sphere. The journal presents a crucial examination of contemporary art's link to the public realm, offering an engaged and responsive forum in which to debate the newly emerging series of developments within contemporary thinking, society and international art practice.

#### Call for Papers

We seek interdisciplinary articles which confront orthodoxies, propagate debate and reflect on art's role in the public sphere. We encourage fresh approaches to research arising from practice, theory, philosophy and politics. The editors welcome full-length articles, shorter research papers and contributions to our reviews section.

For further information or questions, please contact the editorial team.
